

(3)(i) Except as provided in paragraph (b)(4) of this section, any person claiming the seized property may file a claim with NOAA, at the address indicated in the notice, within 20 days of the date the notice was first published or posted. The claim must state the claimant's interest in the property.

(ii) Except as provided in paragraph (b)(3)(v) or (b)(4) of this section, a bond for costs in the penal sum of \$5,000 or 10 per cent of the appraised value of the property, whichever is lower, but not less than \$250, with sureties satisfactory to the Administrator, must be filed with the claim for seized property. The bond may be posted on Customs form 4615 or a similar form provided by NOAA. There must be endorsed on the bond a list or schedule in substantially the following form, signed by the claimant in the presence of witnesses, and attested by the witnesses:

List or schedule containing a particular description of seized article, claim for which is covered by the within bond; to wit:

The foregoing list is correct.

Claimant

Attest:

A certified check may be substituted for a bond.

(iii) Filing a claim and posting a bond does not entitle the claimant to possession of the property. However, it does stop administrative forfeiture proceedings.

(iv) If the claim and bond are filed timely in accordance with this section, NOAA will refer the matter to the Attorney General to institute forfeiture proceedings in the appropriate United States District Court.

(v) Upon satisfactory proof of financial inability to post the bond, NOAA may waive the bond requirement for any person claiming an interest in the seized property.

(4) Instead of, or in addition to, filing a claim and bond under paragraph (b)(3) of this section, any person claim-

ing the seized property may file with NOAA within 20 days after the date of first publication or posting of the notice of proposed forfeiture, a motion to stay administrative forfeiture proceedings. The motion must contain:

(i) The claimant's verified statement showing the claimant's absolute title to the seized property, free of all liens or other third party interests; and

(ii) The claimant's offer to pay in advance all reasonable costs anticipated for storage and maintenance of the property. NOAA, in its discretion, may grant the stay and impose any conditions deemed reasonable, including but not limited to length of the stay, factors that would automatically terminate the stay, and any requirement for a bond to secure payment of storage or maintenance costs. If NOAA denies or terminates the stay, the claimant, if he or she has not already done so, has 20 days from receipt of the denial or termination order to file a claim and bond in accordance with paragraph (b)(3) of this section. Failure to file the claim and bond within that 20 days will result in summary forfeiture under paragraph (b)(5) of this section.

(5) If a claim and bond are not filed within 20 days of notice in accordance with this section, or if a motion for a stay under paragraph (b)(4) is pending, NOAA will declare the property forfeited. The declaration of forfeiture will be in writing and will be served on each person whose whereabouts and prior interest in the seized property are known or easily ascertainable. The forfeited property will be subject to disposition as authorized by law and regulations of NOAA.

(6) If the appraised value of the property is more than \$100,000, or a timely and satisfactory claim and bond for property appraised at \$100,000 or less are submitted to NOAA, the matter will be referred to the Attorney General to institute *in rem* proceedings in the appropriate United States District Court.

§ 904.505 Summary sale.

(a) In view of the perishable nature of fish, any person authorized to enforce a statute administered by NOAA may, as authorized by law, sell or cause to be sold, and any person may purchase, for

not less than its domestic fair market value, fish seized under such statute.

(b) Any person purchasing fish subject to this section must deliver the proceeds of the sale to a person authorized to enforce a statute administered by NOAA immediately upon request of such authorized person. Anyone who does not so deliver the proceeds may be subject to penalties under the applicable statute or statutes.

(c) NOAA will give notice of the sale by registered or certified mail, return receipt requested, to the owner or consignee, if known or easily ascertainable, or to any other party that the facts of record indicate has an interest in the seized fish, unless the owner or consignee or other interested party has otherwise been personally notified. Notice will be sent either prior to the sale, or as soon thereafter as practicable.

(d) The proceeds of the sale, after deducting any reasonable costs of the sale, will be subject to any administrative or judicial proceedings in the same manner as the seized fish would have been, including an action *in rem* for the forfeiture of the proceeds. Pending disposition of such proceedings, the proceeds will, as appropriate, either be deposited in a NOAA suspense account or submitted to the appropriate court. The proceeds will not be subject to release under § 904.502 or § 904.506(f).

(e) Seizure and sale of fish is without prejudice to any other remedy or sanction authorized by law.

§ 904.506 Remission and mitigation of forfeiture.

(a) *Application of this section.* (1) This section establishes procedures for filing with NOAA a petition for relief from forfeitures incurred, or alleged to have been incurred, under any statute administered by NOAA that authorizes the remission or mitigation of forfeitures.

(2) Although NOAA may properly consider a petition for relief from forfeiture along with other consequences of a violation, the remission or mitigation of a forfeiture is not dispositive of any criminal charge filed, civil penalty assessed, or permit sanction proposed, unless NOAA expressly so states. Remission or mitigation of a forfeiture is

in the nature of executive clemency and is granted in the sole discretion of NOAA only when consistent with the purposes of the particular statute involved and this section.

(3) NOAA will not consider a petition for remission or mitigation while a forfeiture proceeding is pending in federal court. Once such a case is referred to the Attorney General for institution of judicial proceedings, and until the proceedings are completed, any petition received by NOAA will be forwarded to the Attorney General for consideration.

(b) *Petition for relief from forfeiture.* (1) Any person having an interest in property seized and subject to forfeiture may file a petition for relief from forfeiture. Unless otherwise directed in a notice concerning the seized property, the petition shall be addressed to NOAA and filed with the Regional Attorney nearest to the place where the property is held (addresses in § 904.403(c)). NOAA will consider a petition filed after a declaration or decree of forfeiture only if the petitioner demonstrates that he or she did not previously know of the seizure and was in such circumstances as prevented him or her from knowing of it, except that NOAA will not consider a petition filed more than three months from the date of such declaration or decree. (See § 904.507 regarding the right of certain claimants to petition for restoration of proceeds from the sale of forfeited property.)

(2) The petition need not be in any particular form, but must set forth the following:

(i) A description of the property seized;

(ii) The date and place of the seizure;

(iii) The petitioner's interest in the property, supported as appropriate by bills of sale, contracts, mortgages, or other satisfactory evidence;

(iv) The facts and circumstances relied upon by the petitioner to justify the remission or mitigation;

(v) Any request for release under paragraph (f) of this section pending final decision on the petition, together with any offer of payment to protect the United States' interest that petitioner makes in return for the release,
